ASSIGNMENT : DO WHILE LOOP

C PROGRAM CODE:

```c
#include <stdio.h>

int main()

{

    double number, sum = 0;

    do

    {

        printf("Enter a number: ");

        scanf("%lf", &number);

        sum += number;

    }

    while(number != 0);

    printf("Sum = %2lf",sum);

    return 0;

}
```
